Mr. WESTERMAN. Madam Speaker, I rise today to extend my sincere congratulations to a new crop of emerging leaders from the Natural State.

IN RECOGNITION OF NATIONAL INFERTILITY AWARENESS WEEK

HON. EDDIE BERNICE JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, April 16, 2021

Ms. JOHNSON of Texas. Madam Speaker, I rise today to commemorate National Infertility Awareness Week and to salute the wonderful progress that has been made over the last four decades to help individuals have families who otherwise could not. It would shock most Americans to know that according to the Centers for Disease Control and Prevention, the disease of Infertility affects one in eight, or approximately 7.4 million, American women of reproductive age. The disease affects both men and women and it knows no barriers—it affects individuals of all races, religious backgrounds, and economic status. The good news is that since 1978, as a result of extraordinary medical advancements, millions of couples have been able to receive life affirming treatments that have resulted in the delivery of babies. While this is something that most of us take for granted, it is a painful and devastating struggle for millions of couples throughout the world.

As a nurse who has fought for medical advancements in cancer treatment and care, in Diabetes care, and in dozens of health screenings that bring hope of saving lives, I must admit to absolute amazement at the contributions that research scientists and Reproductive Endocrinologists have made in the advancement of Infertility treatments—including a procedure that allows young cancer patients to preserve their fertility prior to undergoing life saving chemotherapy treatments. Organizations like RESOLVE, the National Infertility Association, and the Alliance for Fertility Preservation advocate for the millions of individuals and couples in this country who need the help to have a family. Ms. Barb Collura, the CEO of RESOLVE, recently testified before Congress in support of fertility services for the countless military veterans whose service related injuries have rendered them infertile. I am pleased that these organizations, these Infertility warriors, are active in my own state of Texas as well as throughout the nation.

As a grandmother and great grandmother, and with Mother's Day around the corner, I salute Infertility warriors throughout the country and the world, who advocate on behalf of that most precious of gifts, that of family.

HONORING MORGAN MASSEY

HON. H. MORGAN GRIFFITH

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Friday, April 16, 2021

Mr. GRIFFITH. Madam Speaker, I rise in honor of Evan Morgan Massey of Richmond, Virginia, who passed away on March 10, 2021 at the age of 94. Morgan Massey was a business leader and philanthropist whose visionary leadership in the coal industry made an impact across the globe and certainly in the Ninth Congressional District of Virginia I represent.

Mr. Massey was born on December 29, 1926. He trained for service as an aviator during World War II and later graduated from the University of Virginia. He joined his family's firm, A.T. Massey Coal Company, in 1949. Mr. Massey helped drive the company from a midsize operation to one of the largest coal companies in the United States. The family sold the company to St. Joe Minerals in 1973, and Mr. Massey continued to run the company until he retired in 1991.

Following retirement, Mr. Massey extended his endeavors across the globe, developing operations abroad and championing new uses for coal. He expanded mining into China and Venezuela and founded the Evan Energy Company to improve coal mining safety in South America and China. Mr. Massey supported research such as that at Virginia Tech which generates rare earth minerals from coal and coal byproducts. A tireless innovator and entrepreneur, Mr. Massey remained active in his office daily even late in life.

Beyond his role in business, Mr. Massey served Richmond's philanthropic community through the Massey Foundation, founded by his uncle and father, and the Joan and Morgan Massey Foundation. His interests included higher education, medical research, and the development of new technologies, and his philanthropic support of these causes have improved the lives of many.

Mr. Massey's survivors include his daughters, Elizabeth Anne Massey, Susan Chapman Massey and Nancy Lee Massey; sons, Evan Morgan Massey, Jr. and his wife, Robin, John William Massey and his wife, Kelli, Charles Taylor Massey and his wife, Sarah and Craig Lewis Massey and his wife, Sky; 15 grandchildren and four great-grandchildren. I offer them my condolences on this loss of the great business leader and philanthropist.
